## Page 7: Your views on the proposal

Q1. Which of the following best expresses your view of the proposal to replace the current 30mph default speed limit on restricted roads with a 20mph limit.

Fully Supportive

Q1. Which of the following best expresses your view of the proposal to replace the current 30mph default speed limit on restricted roads with a 20mph limit.

**Please explain the reasons for your response**

Safer for pedestrians and cyclists, too many drivers exceed the 30 mph limit in built up areas.

Q2. Could the aims of this proposal be better delivered in another way (without a Bill in the Scottish Parliament)?

No

**Please explain the reasons for your response**

A Bill appears to be the swiftest method of introducing the change.

Q3. What do you think would be the main advantages, if any, of the proposal?

Safer for all road users, particularly pedestrians and cyclists.

Q4. What do you think would be the main disadvantages, if any, of the proposal?

Resistance from some motorists.

Q5. What other measures do you think would be needed to maximise compliance with the new national 20mph speed limit on restricted roads, for example in relation to advertising signage and police enforcement.

Flashing signs displaying driver speed; speed limits displayed on street lights and repeater painted speed limit on road. Also enforcement action - stopping and warning drivers who exceed the limit.

## Page 12: Financial implications

Q6. Taking account of both costs and potential savings, what financial impact would you expect the proposed Bill to have?

	Significant increase in cost	Some increase in cost	Broadly cost-neutral	Some reduction in cost	Significant reduction in cost	Unsure

Q6. Taking account of both costs and potential savings, what financial impact would you expect the proposed Bill to have?

<b>Police Scotland</b>						
----------------------------	--	--	--	--	--	--

**Please explain the reasons for your response**

Cost of legislation offset by not having to legislate to have individual roads speed-restricted; lower fuel cost to motorists through smoother driving; reduced cost of dealing with accidents; reduced human costs of injury or worse.

Q7. Do you believe there will be any other benefits to reducing the speed limit from 30mph to 20mph?

Unsure

## Page 14: Equalities

Q8. What overall impact is the proposed Bill likely to have on the following protected groups (under the Equality Act 2010): race, disability, sex, gender re-assignment, age, religion and belief, sexual orientation, marriage and civil partnership, pregnancy and maternity?

Slightly positive

**Please explain the reasons for your response**

Safer for vulnerable road users eg elderly; young; those with a disability.

Q9. Could any negative impact of the proposed Bill on any of these protected groups be minimised or avoided?

I cannot think of any negative impact on these groups.

## Page 16: Sustainability of the proposal

Q10. Do you consider that the proposed Bill can be delivered sustainably i.e. without having likely future disproportionate economic, social and/or environmental impact?

Yes

**Please explain the reasons for your response:**

As above re costs.
