Fully opposed

Q1. Which of the following best expresses your view of the proposal to replace the current 30mph default speed limit on restricted roads with a 20mph limit.

Please explain the reasons for your response

It will take even longer to get places. 30mph is too slow on many roads as it is.

Q2. Could the aims of this proposal be better delivered in another way (without a Bill in the Scottish Parliament)?

No

Q3. What do you think would be the main advantages, if any, of the proposal?

No advantages.

Q4. What do you think would be the main disadvantages, if any, of the proposal?

Waste my life with travel time, more likely to get speeding tickets, slow traffic further.

Q5. What other measures do you think would be needed to maximise compliance with the new national 20mph speed limit on restricted roads, for example in relation to advertising signage and police enforcement.

Waste of police time.

Q11. Do you have any other comments or suggestions on the proposal to establish a 20mph default speed limit on restricted roads?

I think it's ridiculous and unnecessary.
