# Proposed Restricted Roads (20mph Limit) (Scotland) Bill

### Page 2: About you

| Are you responding as an individual or on behalf of an organisation?  |
|---|
| an individual   |
|   |
| Which of the following best describes you? (If you are a professional or academic, but not in a subject relevant to the consultation, please choose "Member of the public".)  |
| Member of the public  |
|   |
| Please select the category which best describes your organisation   |
| No Response   |
|   |
| Please choose one of the following; if you choose the first option, please provide your name or the name of your organisation as you wish it to be published.   |
| I would like this response to be anonymous (the response may be published, but no name)   |
|   |
| Please insert your name or the name of your organisation. If you choose the first option above, this should be the name as you wish it to be published. If you choose the second or third option, a name is still required, but it will not be published. |
|   |
|   |
| Please provide details of a way in which we can contact you if there are queries regarding your response. Email is preferred but you can also provide a postal address or phone number. We will not publish these details.                                |

## Page 7: Your views on the proposal

| Q1. V | Vhich   | of the f | ollowing b | est ex  | presses | your  | view ( | of the | proposal | to r | eplace | the cur | rrent 3 | 30mph | default |
|-------|---------|----------|------------|---------|---------|-------|--------|--------|----------|------|--------|---------|---------|-------|---------|
| speed | d limit | on rest  | ricted roa | ds with | a 20mp  | h lim | it.    |        |          |      |        |         |         |       |         |

Fully Supportive

Q1. Which of the following best expresses your view of the proposal to replace the current 30mph default speed limit on restricted roads with a 20mph limit.

#### Please explain the reasons for your response

I don't believe that drivers currently stick to the speed limit anyway, and drive in excess of 30 mph and these roads are not monitored for speed.

Q2. Could the aims of this proposal be better delivered in another way (without a Bill in the Scottish Parliament)?

Unsure

#### Please explain the reasons for your response

Not sure of the process in order to have an opinion

Q3. What do you think would be the main advantages, if any, of the proposal?

Safety of children in communities

Q4. What do you think would be the main disadvantages, if any, of the proposal?

cost of implementation

Q5. What other measures do you think would be needed to maximise compliance with the new national 20mph speed limit on restricted roads, for example in relation to advertising signage and police enforcement.

We also need additional crossings on roads to help children to cross roads safely, and encourage them to walk to school. Currently, in newer areas, crossing points are not installed in the roads. I have telephoned the council myself to ask for speed bumps to slow traffic or a crossing point, this has been rejected due to the fact that there has been no serious incidents - injuries or fatalities. It should not be the case that speed control or traffic calming can only be instigated once there has been a loss of life or injury.

## Page 12: Financial implications

Q6. Taking account of both costs and potential savings, what financial impact would you expect the proposed Bill to have?

|                        | Significant increase in cost | Some increase in cost | Broadly<br>cost-<br>neutral | Some reduction in cost | Significant reduction in cost | Unsure |
