Fully Supportive

Q1. Which of the following best expresses your view of the proposal to replace the current 30mph default speed limit on restricted roads with a 20mph limit.

Please explain the reasons for your response

Most drivers don't stick to the 30mph as there is no clear signs to state speed and if it was clearly stated that it was 20mph then there would be more chance of it being adhered to

Q2. Could the aims of this proposal be better delivered in another way (without a Bill in the Scottish Parliament)?

Unsure

Q3. What do you think would be the main advantages, if any, of the proposal?

To make the streets safer for our children to walk to school as well as playing in their surrounding area

Q4. What do you think would be the main disadvantages, if any, of the proposal?

Not being adhered to

Q5. What other measures do you think would be needed to maximise compliance with the new national 20mph speed limit on restricted roads, for example in relation to advertising signage and police enforcement.

Road calming strategies like speed bumps etc
