Q1. Which of the following best expresses your view of the proposal to replace the current 30mph default speed limit on restricted roads with a 20mph limit.

Please explain the reasons for your response

Very concerned on cars speeding particularly on Glenesk Crescent. Parents picking up their children from the nursery seem particularly guilty of speeding and I strongly feel that the only way to slow them down would be speed bumps

Q2. Could the aims of this proposal be better delivered in another way (without a Bill in the Scottish Parliament)?

No

Q3. What do you think would be the main advantages, if any, of the proposal?

Preventing morbidity/mortality

Q4. What do you think would be the main disadvantages, if any, of the proposal?

Nil

Q5. What other measures do you think would be needed to maximise compliance with the new national 20mph speed limit on restricted roads, for example in relation to advertising signage and police enforcement.

Speed bumps!!!
