Q1. Which of the following best expresses your view of the proposal to replace the current 30mph default speed limit on restricted roads with a 20mph limit.

Fully Supportive

Q1. Which of the following best expresses your view of the proposal to replace the current 30mph default speed limit on restricted roads with a 20mph limit.

Please explain the reasons for your response

I feel very strongly about the speed people drive at through our village, I would like to see some form of camera system put in as this would certainly control the speed through our village. The amount of traffic that comes in & out of Ardersier there should be some form of speed restriction put into place. This seems to be the only village around that has no crossing for children going to school when it's also the busiest times on the road when the army are going to work or people travelling to go to work. Some thing needs to be done about the speed, we've had our wall completely wiped out by a car speeding. "Speed Kills"
Sharon Songhurst (Ardersier)

Q2. Could the aims of this proposal be better delivered in another way (without a Bill in the Scottish Parliament)?
