Fully Supportive

Q1. Which of the following best expresses your view of the proposal to replace the current 30mph default speed limit on restricted roads with a 20mph limit.

Please explain the reasons for your response

We live very close to main road (Bellshill Road) that our children need to cross on the walk to/from school and the cars are driving dangerously at the moment. Reducing the national speed limit to 20mph can only help this as motorists are educated

Q2. Could the aims of this proposal be better delivered in another way (without a Bill in the Scottish Parliament)?

Unsure

Q3. What do you think would be the main advantages, if any, of the proposal?

Q5. What other measures do you think would be needed to maximise compliance with the new national 20mph speed limit on restricted roads, for example in relation to advertising signage and police enforcement.

Traffic calming measures, TV advertising featuring named celebrities
