Page 7: Your views on the proposal

Q1. Which of the following best expresses your view of the proposal to replace the current 30mph default speed limit on restricted roads with a 20mph limit.

Fully Supportive

Please explain the reasons for your response

The walk to school is fraught with dangers even although there are 20mph limits directly outside the school. We cross a busy intersection on the walk, and 20 mins per hour would help us cross more easily.

Q2. Could the aims of this proposal be better delivered in another way (without a Bill in the Scottish Parliament)?

No

Q3. What do you think would be the main advantages, if any, of the proposal?

Children's safety.
People speeding through streets to by-pass other speed enforcement measures.

Q4. What do you think would be the main disadvantages, if any, of the proposal?

No Response

Q5. What other measures do you think would be needed to maximise compliance with the new national 20mph speed limit on restricted roads, for example in relation to advertising signage and police enforcement.

National campaign on awareness.
Signage.
Changes to driving exams.
