

Proposed Restricted Roads (20mph Limit) (Scotland) Bill

Page 2: About you

Are you responding as an individual or on behalf of an organisation?

an individual

Which of the following best describes you? (If you are a professional or academic, but not in a subject relevant to the consultation, please choose "Member of the public".)

Member of the public

Please select the category which best describes your organisation

No Response

Please choose one of the following; if you choose the first option, please provide your name or the name of your organisation as you wish it to be published.

I would like this response to be anonymous (the response may be published, but no name)

Please insert your name or the name of your organisation. If you choose the first option above, this should be the name as you wish it to be published. If you choose the second or third option, a name is still required, but it will not be published.

Please provide details of a way in which we can contact you if there are queries regarding your response. Email is preferred but you can also provide a postal address or phone number. We will not publish these details.

Page 7: Your views on the proposal

Q1. Which of the following best expresses your view of the proposal to replace the current 30mph default speed limit on restricted roads with a 20mph limit.

Fully Supportive

Q1. Which of the following best expresses your view of the proposal to replace the current 30mph default speed limit on restricted roads with a 20mph limit.

Please explain the reasons for your response

I live in a village and last week alone I witnessed a JCB travelling at least 40 miles an hour through the village and another construction vehicle doing a 3 point turn by a bus stop. The speed cars go racing through the village is not acceptable . I work in the preschool and am concerned about road safety when taking the children out or when parents/carers drop off and collect their children.

Q2. Could the aims of this proposal be better delivered in another way (without a Bill in the Scottish Parliament)?

No

Please explain the reasons for your response

Because nothing is being done . Road calming exercises are hit and miss . We need to be more proactive, if we are to achieve anything.

Q3. What do you think would be the main advantages, if any, of the proposal?

Reducing speed !!! . Protecting people using the roads either as other drivers or pedestrians .

Q4. What do you think would be the main disadvantages, if any, of the proposal?

None . What could be a disadvantage when protecting life.

Q5. What other measures do you think would be needed to maximise compliance with the new national 20mph speed limit on restricted roads, for example in relation to advertising signage and police enforcement.

Speed bumps, community police monitoring situation, fining those who do not comply , signage that is bold and regularly maintained.

Page 12: Financial implications

Q6. Taking account of both costs and potential savings, what financial impact would you expect the proposed Bill to have?

	Significant increase in cost	Some increase in cost	Broadly cost-neutral	Some reduction in cost	Significant reduction in cost	Unsure
Scottish Government		X				
Local Authorities		X				
Motorists		X				

Q6. Taking account of both costs and potential savings, what financial impact would you expect the proposed Bill to have?

Other						
Police Scotland						

Please explain the reasons for your response

Providing resources and man power .

Q7. Do you believe there will be any other benefits to reducing the speed limit from 30mph to 20mph?

Teaching drivers to respect the law and drive with more care.

Page 14: Equalities

Q8. What overall impact is the proposed Bill likely to have on the following protected groups (under the Equality Act 2010): race, disability, sex, gender re-assignment, age, religion and belief, sexual orientation, marriage and civil partnership, pregnancy and maternity?

Positive

Please explain the reasons for your response

What possible difference could it make except to protect us all and make roads safe for all !!

Q9. Could any negative impact of the proposed Bill on any of these protected groups be minimised or avoided?

Everyone should be advised of progress and all information relating to this should be available to all.

Page 16: Sustainability of the proposal

Q10. Do you consider that the proposed Bill can be delivered sustainably i.e. without having likely future disproportionate economic, social and/or environmental impact?

Yes

Please explain the reasons for your response:

Costs saved - less accidents , less costs NHS , less police for road traffic accidents

Page 17: General

Q11. Do you have any other comments or suggestions on the proposal to establish a 20mph default speed limit on restricted roads?

No I think I have said all I need
