Page 7: Your views on the proposal

Q1. Which of the following best expresses your view of the proposal to replace the current 30mph default speed limit on restricted roads with a 20mph limit.

Partially opposed

Q1. Which of the following best expresses your view of the proposal to replace the current 30mph default speed limit on restricted roads with a 20mph limit.

Please explain the reasons for your response

It is those who adhere to the speed limit that get penalised for the few that think it's ok to make our streets a race track. It's more police and deterrents we need.

Q2. Could the aims of this proposal be better delivered in another way (without a Bill in the Scottish Parliament)?

Yes (if so, please explain below)

Please explain the reasons for your response

I think rather than one man thinking this is ok why not sit in a room with parents and ask them what is best or what they would like done

Q3. What do you think would be the main advantages, if any, of the proposal?

None as it's normally parking that's an issue around a school

Q4. What do you think would be the main disadvantages, if any, of the proposal?

No Response

Q5. What other measures do you think would be needed to maximise compliance with the new national 20mph speed limit on restricted roads, for example in relation to advertising signage and police enforcement.

Need more parking for parents around a school.

Nope, teach kids the green cross code. A lot of them think they are invincible
