spee	d limit	on res	stricted	roads	with a 2	0mp	h lim	it.								

Partially supportive

Q1. Which of the following best expresses your view of the proposal to replace the current 30mph default speed limit on restricted roads with a 20mph limit.

#### Please explain the reasons for your response

In pure residential areas and around schools then yes to 20mph limit. For roads that are through routes stick to 30mph except where existing roads are narrow and/or around schools where 20mph should be maintained.

Q2. Could the aims of this proposal be better delivered in another way (without a Bill in the Scottish Parliament)?

Unsure

Q3. What do you think would be the main advantages, if any, of the proposal?

Increase safety for public and increase pedestrian / cycling in residential areas

Q4. What do you think would be the main disadvantages, if any, of the proposal?

Safety and returning of our streets to less vehicle focus.

Q5. What other measures do you think would be needed to maximise compliance with the new national 20mph speed limit on restricted roads, for example in relation to advertising signage and police enforcement.

Speed bumps and road markings / furniture to delianate the 20mph limit areas
