Q6. Taking account of both costs and potential savings, what financial impact would you expect the proposed Bill to have?

**Please explain the reasons for your response**

Most people won't see much of a difference but there should be a reduction in accidents which means less requirements for emergency services and fixing roads and road furniture, etc.

Q7. Do you believe there will be any other benefits to reducing the speed limit from 30mph to 20mph?

Better infrastructures in towns as they adapt and hopefully less people using cars for short journeys and commuting.

Q8. What overall impact is the proposed Bill likely to have on the following protected groups (under the Equality Act 2010): race, disability, sex, gender re-assignment, age, religion and belief, sexual orientation, marriage and civil partnership, pregnancy and maternity?
