Fully Supportive

Q1. Which of the following best expresses your view of the proposal to replace the current 30mph default speed limit on restricted roads with a 20mph limit.

**Please explain the reasons for your response**

Living in a small town with a high volume of traffic it is very worrying seeing cars race through the Main Street at 30 mph and higher. The lower the limit the better

Q2. Could the aims of this proposal be better delivered in another way (without a Bill in the Scottish Parliament)?

No

**Please explain the reasons for your response**

Unless it is reflected legislatively no one will take notice

Q3. What do you think would be the main advantages, if any, of the proposal?

Safer streets, more vigilant driving, less congestion

Q4. What do you think would be the main disadvantages, if any, of the proposal?

None

Q5. What other measures do you think would be needed to maximise compliance with the new national 20mph speed limit on restricted roads, for example in relation to advertising signage and police enforcement.

Signage and cameras
