## Page 7: Your views on the proposal

Q1. Which of the following best expresses your view of the proposal to replace the current 30mph default speed limit on restricted roads with a 20mph limit.

Partially supportive

Q1. Which of the following best expresses your view of the proposal to replace the current 30mph default speed limit on restricted roads with a 20mph limit.

**Please explain the reasons for your response**

i feel that for restricted roads a 20 limit is needed as there are a lot of children in these areas. however before and after a certain time of the day i do not feel the 20 limit needs to be in place (for instance after 9 pm and before 7am).

Q2. Could the aims of this proposal be better delivered in another way (without a Bill in the Scottish Parliament)?

Unsure

Q3. What do you think would be the main advantages, if any, of the proposal?

a reduction in speed within built up areas, meaning a safer community for children out playing.  
reduction in crashes etc

Q4. What do you think would be the main disadvantages, if any, of the proposal?

people would not adhere to the speed limit.

Q5. What other measures do you think would be needed to maximise compliance with the new national 20mph speed limit on restricted roads, for example in relation to advertising signage and police enforcement.

i think that national campaign and televised advertisement is needed. i also think reduce speed notices coming in to the areas need to be more prominent, and i feel that speed cameras are needed in problem areas as well

## Page 12: Financial implications

Q6. Taking account of both costs and potential savings, what financial impact would you expect the proposed Bill to have?

|                     | Significant increase in cost | Some increase in cost | Broadly cost-neutral | Some reduction in cost | Significant reduction in cost | Unsure |

|----------------------------|--|--|--|--|--|--|
| <b>Police<br/>Scotland</b> |  |  |  |  |  |  |
|----------------------------|--|--|--|--|--|--|

**Please explain the reasons for your response**

there would be costs in going forward with the plans, producing signange and advertisements. but overall the cost of accidents and lifes far outweigh the cost of this.

Q7. Do you believe there will be any other benefits to reducing the speed limit from 30mph to 20mph?

*No Response*
