Q1. Which of the following best expresses your view of the proposal to replace the current 30mph default speed limit on restricted roads with a 20mph limit.

Fully opposed

Q1. Which of the following best expresses your view of the proposal to replace the current 30mph default speed limit on restricted roads with a 20mph limit.

Please explain the reasons for your response

A common sense approach should be adopted rather than a blanket knee jerk reaction from people with no real understanding of traffic management. The effects of reducing the speed limit to 20. The pollution levels would not be reduced all that would happen is vehicles in the area for a longer period of time which would negate the reduction.

Q2. Could the aims of this proposal be better delivered in another way (without a Bill in the Scottish Parliament)?

No

Q3. What do you think would be the main advantages, if any, of the proposal?

Making the cotton sock brigade sleep easy.

Q4. What do you think would be the main disadvantages, if any, of the proposal?

Increased time vehicles are on the road, Increased congestion, frustrated drivers, drivers and pedestrians becoming distracted or disillusioned to vehicles and more accidents.

Q5. What other measures do you think would be needed to maximise compliance with the new national 20mph speed limit on restricted roads, for example in relation to advertising signage and police enforcement.
