

Proposed Restricted Roads (20mph Limit) (Scotland) Bill

Page 2: About you

Are you responding as an individual or on behalf of an organisation?

on behalf of an organisation

Which of the following best describes you? (If you are a professional or academic, but not in a subject relevant to the consultation, please choose "Member of the public".)

No Response

Please select the category which best describes your organisation

Other (e.g. clubs, local groups, groups of individuals, etc.)

Please choose one of the following; if you choose the first option, please provide your name or the name of your organisation as you wish it to be published.

I am content for this response to be attributed to me or my organisation

Please insert your name or the name of your organisation. If you choose the first option above, this should be the name as you wish it to be published. If you choose the second or third option, a name is still required, but it will not be published.

Northmuir Parent Partnership Northmuir Primary School Kirriemuir

Please provide details of a way in which we can contact you if there are queries regarding your response. Email is preferred but you can also provide a postal address or phone number. We will not publish these details.

Page 7: Your views on the proposal

Q1. Which of the following best expresses your view of the proposal to replace the current 30mph default speed limit on restricted roads with a 20mph limit.

Fully Supportive

Q1. Which of the following best expresses your view of the proposal to replace the current 30mph default speed limit on restricted roads with a 20mph limit.

Please explain the reasons for your response

Reduction in the speed limit outside schools will prevent accidents.

Q2. Could the aims of this proposal be better delivered in another way (without a Bill in the Scottish Parliament)?

No

Please explain the reasons for your response

Cohesive approach across Scotland in one route is the best way forwards

Q3. What do you think would be the main advantages, if any, of the proposal?

SAVE LIVES, reduce harm to children in school areas

Q4. What do you think would be the main disadvantages, if any, of the proposal?

NONE - all road users will benefit - less accidents

Q5. What other measures do you think would be needed to maximise compliance with the new national 20mph speed limit on restricted roads, for example in relation to advertising signage and police enforcement.

Pass the bill and erect new signage, one single campaign on TV and social media to raise awareness. Attached a higher levy of points to fine in a 20 area

Page 12: Financial implications

Q6. Taking account of both costs and potential savings, what financial impact would you expect the proposed Bill to have?

	Significant increase in cost	Some increase in cost	Broadly cost-neutral	Some reduction in cost	Significant reduction in cost	Unsure
Scottish Government					X	
Local Authorities					X	
Motorists					X	
Other						

Q6. Taking account of both costs and potential savings, what financial impact would you expect the proposed Bill to have?

Police Scotland						
----------------------------	--	--	--	--	--	--

Please explain the reasons for your response

One approach saves money as laid out for all

Q7. Do you believe there will be any other benefits to reducing the speed limit from 30mph to 20mph?

SAVING LIVES, reducing accidents

Page 14: Equalities

Q8. What overall impact is the proposed Bill likely to have on the following protected groups (under the Equality Act 2010): race, disability, sex, gender re-assignment, age, religion and belief, sexual orientation, marriage and civil partnership, pregnancy and maternity?

Positive

Please explain the reasons for your response

Regardless of the above bill - this will have no impact on any of these groups. If you can drive you can observe the speed limits

Q9. Could any negative impact of the proposed Bill on any of these protected groups be minimised or avoided?

NO

Page 16: Sustainability of the proposal

Q10. Do you consider that the proposed Bill can be delivered sustainably i.e. without having likely future disproportionate economic, social and/or environmental impact?

Yes

Please explain the reasons for your response:

Any well implemented Bill can be delivered with benefits to all

Page 17: General

Q11. Do you have any other comments or suggestions on the proposal to establish a 20mph default speed limit on restricted roads?

Fully supportive and look forward to seeing it implemented asap
