Q1. Which of the following best expresses your view of the proposal to replace the current 30mph default speed limit on restricted roads with a 20mph limit.

Please explain the reasons for your response

We must do everything we can to reduce deaths on the roads. Far too many people drive too fast for the road conditions.

Q2. Could the aims of this proposal be better delivered in another way (without a Bill in the Scottish Parliament)?

Unsure

Please explain the reasons for your response

doubtful. Enough time has passed for people to learn to slow down.

Q3. What do you think would be the main advantages, if any, of the proposal?

Possible reduction of deaths on the roads.

Q4. What do you think would be the main disadvantages, if any, of the proposal?

None.

Q5. What other measures do you think would be needed to maximise compliance with the new national 20mph speed limit on restricted roads, for example in relation to advertising signage and police enforcement.

Speed cameras.
