Page 7: Your views on the proposal

Q1. Which of the following best expresses your view of the proposal to replace the current 30mph default speed limit on restricted roads with a 20mph limit.

Fully Supportive

Q1. Which of the following best expresses your view of the proposal to replace the current 30mph default speed limit on restricted roads with a 20mph limit.

Please explain the reasons for your response

30mph particularly near schools, hospitals, housing etc. Causes a danger to vulnerable members of the public, children, the elderly those with ASNs. Reducing speed limits would allow drivers to safely assess their surroundings avoiding accident and injury

Q2. Could the aims of this proposal be better delivered in another way (without a Bill in the Scottish Parliament)?

Unsure

Q3. What do you think would be the main advantages, if any, of the proposal?

Roads would be safer for children, elderly etc.

Damage to road surface would be reduced.

Speed bumps would not be required. These encourage dangerous driving in efforts to avoid highest point.

Q4. What do you think would be the main disadvantages, if any, of the proposal?

Frustration of drivers forced to maintain 20 speeds on a clear road may result in aggravated driving style

Q5. What other measures do you think would be needed to maximise compliance with the new national 20mph speed limit on restricted roads, for example in relation to advertising signage and police enforcement.

Higher speed cameras a presence in initial months after commencing new rules.

Clear signage, newspaper and TV campaigns

Q6. Taking account of both costs and potential savings, what financial impact would you expect the proposed Bill to have?

Motorists			X			
Other				X		
Police Scotland						

Please explain the reasons for your response

Reduced accidents means reduction in NHS costs. Road surfaces would wear at a more reduced rate thus lowering cost for maintenance

Q7. Do you believe there will be any other benefits to reducing the speed limit from 30mph to 20mph?

Reduction of traffic noise in built up areas late at night
