Page 7: Your views on the proposal

Q1. Which of the following best expresses your view of the proposal to replace the current 30mph default speed limit on restricted roads with a 20mph limit.

Fully Supportive

Q1. Which of the following best expresses your view of the proposal to replace the current 30mph default speed limit on restricted roads with a 20mph limit.

Please explain the reasons for your response

Safety of children!

Q2. Could the aims of this proposal be better delivered in another way (without a Bill in the Scottish Parliament)?

No

Q3. What do you think would be the main advantages, if any, of the proposal?

Local communities would not have to continually campaign for a reduction in speed limits, put up their own "Slow - Children Playing" signs, try to monitor speeding themselves, etc, as the speed limit would be 20mph in built-up areas throughout the country.

Q4. What do you think would be the main disadvantages, if any, of the proposal?

Cost implications of the immediate change and enforcing the new speed limit.

Q5. What other measures do you think would be needed to maximise compliance with the new national 20mph speed limit on restricted roads, for example in relation to advertising signage and police enforcement.

Increased road markings and signage, speed cameras.
