Page 7: Your views on the proposal

Q1. Which of the following best expresses your view of the proposal to replace the current 30mph default speed limit on restricted roads with a 20mph limit.

Fully Supportive

Q1. Which of the following best expresses your view of the proposal to replace the current 30mph default speed limit on restricted roads with a 20mph limit.

Please explain the reasons for your response

Whiteness Primary School operates a 20mph zone at peak times to cover drop off and pick ups at primary school and nursery times. A 20mph Zone at all times would ease traffic speeds.

Q2. Could the aims of this proposal be better delivered in another way (without a Bill in the Scottish Parliament)?

Unsure

Q3. What do you think would be the main advantages, if any, of the proposal?

Make motorists aware of their speeds around primary schools.

Q4. What do you think would be the main disadvantages, if any, of the proposal?

No Response

Q5. What other measures do you think would be needed to maximise compliance with the new national 20mph speed limit on restricted roads, for example in relation to advertising signage and police enforcement.

local advertising, more signage before the 20mph limit, Police to be at the school in the run up to the new limit

Please explain the reasons for your response

more signage and upkeep of signs,

Q7. Do you believe there will be any other benefits to reducing the speed limit from 30mph to 20mph?

Shetland Islands Council already operate a 20mph limit to all primary schools/nursery providers at pick up and drop off times. At Whiteness Primary, children have use of a football pitch and multicourt after school. Children walk/cycle after school to use these facilities. Parents would feel more confident if the speed limit was reduced, allowing children to travel safely.
