Welcome to Edinburgh!

I am pleased to be able to welcome you to the beautiful City of Edinburgh for the Scottish Green Party Autumn Conference.

It's been a challenging and busy year: firstly the very successful Local Council Elections, and then the snap General Election to test us even further. A big thank you to everyone involved. And congratulations – we have made record gains across the country electing more councillors than ever before!

It is wonderful to see that Green Party policies have resonated with so many people across Scotland. We now have an opportunity to effect real change at a local level and make a tangible difference to people's lives. At our annual conference we are able to further develop and shape our policies and debate the important questions that form our Green Party message.

On behalf of the Edinburgh Greens, welcome to the Edinburgh Conference.

**Evelyn Weston, Co-convenor
Edinburgh Greens**

Welcome to our 2017 Autumn Conference!

Welcome! We had a lot to celebrate at last year's conference, with our best Holyrood election in more than a decade. This year we've gone even further, with the best council election in our party's history. More councillors than ever, on more councils than ever, and a real opportunity to shape politics both locally and nationally.

It's also a time of challenge, with the urgent environmental and social crises we face being met with complacency; and a chaotic and destructive Brexit process threatening to fundamentally undermine Scotland's right to govern itself.

But Greens in Scotland and around the world are showing the ability to inspire change.

We're already making progress,

with a ban on fracking, better support for young carers and protection from sanctions, and more attention than ever for Green ideas like net-zero carbon emissions, safer streets, and universal basic income.

That change begins with you, gathering together to debate the issues, learn from one another, and decide the way forward.

Thanks so much for being here, and have a great weekend.

Maggie Chapman and Patrick Harvie, Scottish Greens co-convenors

Guest Speakers

CLAIRE BAILEY

We warmly welcome Clare Bailey to conference this year. She was deputy leader of the Green Party in Northern Ireland from 2014-17 and was elected as an MLA for South Belfast in May 2016 and March 2017. She was the driving force behind Green Party NI becoming the first pro-choice party in the Assembly, and previously worked for Nexus, a charity supporting those who have experienced sexual abuse and violence.

Growing up during the conflict has given her a commitment to human rights and equality. She remains an active campaigner on a range of equality issues.

PER BOLUND

We're also delighted that Per Bolund, Swedish minister for Financial Markets and Consumer Affairs will be joining us. Minister Bolund has been at the forefront of designing Sweden's economic path away from fossil fuels, delivering significant social and infrastructural improvements along the way. Come and hear him speak about being a Green in government and how we can learn from Sweden's innovative approach to low-carbon economics.

HOW CONFERENCE WORKS

The Party's Constitution and Policy Reference Document (PRD) have been voted in, and amended, by a succession of Party conferences on the basis of one member, one vote. The Standing Orders Committee (SOC) is responsible for ensuring conference rules are upheld, and for guaranteeing its smooth and democratic running.

If you have an issue relating to conference procedures, please raise it with a member of SOC. SOC reports directly to conference, and its annual report – given during the AGM – must be approved by conference. SOC has a table in front of the stage throughout conference should you have any queries.

MOTIONS

Motions have to be submitted 11 weeks before conference, amendments five weeks before. The intention is that branches can debate them and, if wished, agree proxy votes or branch amendments.

Emergency Motions are intended to allow conference to debate issues that have arisen since then, and should be sent to soc@notices.scottishgreens.org.uk

seven days before the start of conference, signed by two people who have been members for at least a year. An Emergency Motion relating to events that have arisen since then can be submitted to SOC any time up until noon on the first day of conference (also signed by two people who have been members for at least a year). Emergency Motions will be rejected if they could have been submitted in time for the first agenda, or are not concise and focused.

OFFICE BEARER REPORTS

There is a folder containing reference copies of office-bearers' reports and accounts at the registration desk. Digital copies are also available.

LANYARDS / VOTING CARDS

Please keep close watch over your voting cards. Please also wear your lanyard at all times and remember to hand them back at the end of conference.

DEBATES AND VOTING

Motions are debated and voted on as follows:

- There is a short debate on the motion itself.
- Each amendment is then debated and voted on in turn. You have the choice of voting for, against or abstain.
- The final stage is a vote on the full motion, as amended (or not amended), and again the choice is between for, against or abstain.

At any point in the debate a member may ask (from the floor) to vote on referring a motion back to the relevant committee. That member would have to explain their reasons and another member would have to second that proposal. The chair may refuse that proposal or may put it to a vote, at their discretion.

Amendments will not be accepted from the floor if more than ten members object, or if the chair refuses to allow them. It is unusual for all other members to agree to hear a

proposed amendment from the floor, as this has not proved to be an effective way of deciding party policy.

Yes

As a member you may vote at conference providing that you have the red, green and white voting cards you were given at registration. Please don't lose them! They are colour-coded, like traffic lights.

Any member who can't attend Conference may delegate another member to vote on their behalf. This is called a proxy vote. No member may have more than eight proxy votes.

No

SPEAKING

Any member may speak during a debate. If you think in advance that you'd like to speak, please fill in a speaking slip and hand it in to the SOC table as soon as possible, giving a note of any expertise or special interest you have in the topic.

This will allow the chair to ensure an equal number of speeches for and against, and to give priority to those with background knowledge of the subject, rather than just those who are better at catching the chair's eye.

Abstain

If you wish to respond to a point being made during the debate, raise your hand and you will be called if there's time. Please do not speak unless called upon and you have the microphone. Because of the size of the auditorium and the number of people attending this year, there will be very little time for speakers who have not filled in a request-to-speak slip. You may ask a short question of the motion proposer – but this must be just that – a short question.

The chair is there to ensure fair and smooth running of the session – please respect their authority.

PARALLEL SESSIONS

This year council agreed to experiment with running workshops during the voting sessions. If you would like to attend one of the workshops, but are also waiting for a specific motion to come up, please check [#SGPConf](#) on Twitter or the whatsapp group can be joined by sending **CONF** as a whatsapp message to **07999 496 980**, as there will be alerts a couple of minutes in advance of each motion being called. If you don't have

access to either of these on your phone, please ask another member to help, or flag up to your workshop leader that you would like to hear when the alert for your motion comes up. We think this will give conference attendees more options and a better experience of conference. You can let us know whether it worked in the post-conference feedback form – or the feedback session (Sunday 2-3pm, Room 3D04).

FRINGES

Conference is not just the main sessions organised by the SGP. It is also the fringe meetings and stalls organised by outside groups, where new ideas flourish and where party members listen to the concerns of campaigning and representative groups. Please take part in them. They are as much a part of conference as the main sessions.

VENUE ACCESSIBILITY

There are lifts and accessible toilets on all levels of the venue. The main and lower entrances both have accessible doors. The main entrance is accessed by a long, shallow ramp and the rear is at lower ground

level, close to disabled parking bays. All plenary sessions will have BSL interpretation. Please speak to the conference organiser if you would like BSL interpretation in any of the breakout sessions, as this may be possible to arrange. **Room 3D12** is a quiet room.

FIRST TIME AT CONFERENCE?

There is a special session for people new to Conference, which will be held at 9am on Saturday in Room 2D04.

TWITTER

The Twitter hashtag for Conference is **#SGPConf**

CHILD PROTECTION AT CONFERENCE

SGP considers all persons under the age of 18 children for the purposes of this policy.

As an organisation that has members as young as 12, we have a duty to inform and support all our members in upholding our child protection policy. The following will help you to know what to look for and what to do if you have any concerns during conference.

What constitutes a risk?

- Witnessing an incident involving a child that causes you concern;
- A child tells you they are being abused or neglected or are at risk of being abused or neglected;
- Someone tells you that a child is at risk of abuse or neglect, even if the child has no connection to the SGP.

What do I need to do?

If a child tells you they are at actual or potential risk:

- Take them seriously;
- Don't ask unnecessary questions;
- Don't promise to keep the information confidential;
- Make a note using the child's words and make sure you date the note;
- Contact your branch convenor, the Child Rights Volunteer or local social work department;
- Don't contact the child's parents/guardian;
- Don't attempt to investigate the situation;
- If you are concerned about the immediate safety of a child, contact the police.

If you suspect an adult or child is posing a risk to child protection:

- Contact your branch convenor or the Child Rights Volunteer;
- If you are concerned about the immediate safety of a child, contact the police.

CHALLENGING THE FAR RIGHT

International Group

Hall 1D04

The Far Right, including fascism and neo-Nazism, has been making gains across the world, combining racism with nationalism, religious fundamentalism and totalitarianism. The response of some centrist and even leftist parties has been to adopt some of the same racist and anti-immigrant language. However there have also been strong voices challenging the rise of the Far Right, from popular mobilisations and from Green and Left parties. In the Netherlands, GroenLinks took on the Far Right and more than tripled its seats in the House of Representatives. What can we learn in Scotland from what is happening throughout the world to tackle the Far Right? *This is a participatory workshop facilitated by members of the international committee.*

Get involved!

After our fantastic wins in Holyrood and the local authority elections over the past year we need to continue to lead the change in our communities. Here are a few ways you can get active and make a difference.

Get involved locally

Local branches are the backbone of our party. For details visit members.greens.scot or contact the SGP office (details below). Recruit other members! Invite family, friends or colleagues who might be interested in the Greens to make that next step.

Make a donation

Unlike big parties we don't get any state funding and our policies tend not to attract huge corporate donors. We rely on individuals like you. It's easy to donate to one of our crowdfunder appeals – see our newsletters or visit

greens.scot. You can also help build our national campaign fund by joining the Holyrood Club – forms can be found at the registration desk.

Make use of your skills

The party is mostly run by volunteers. Everyone has skills that the party values, either at local or national level. Whether you're professionally qualified, or simply have time to stuff envelopes, your help is invaluable!

Become a social media activist

Like and share on Twitter, Facebook, Tumblr, Instagram and more – or even write a blog. We'd love you to tell the world about your campaign experiences and connect with other Greens! More details are at greens.scot/get-involved. Be sure to tag any campaigning with the hashtag **#ActiveSGP**

Thank you for attending!

Please let us know what you thought of conference. Look out for our online feedback survey, which will arrive by email straight after conference. By filling it in you can help make next year's even better!

The Freedom Come-All-Ye by Hamish Henderson

*Roch the wind in the clear day's dawnin
Blaws the clouds heelster gowdie ow'r the bay
But there's mair nor a roch wind blawin
Through the great glen o the warld the day.
It's a thocht that will gar oor rottans
A' they rogues that gang gallus, fresh and gay
Tak the road and seek ither loanins
For their ill ploys, tae sport and play*

*Nae mair will the bonnie callants
Mairch tae war when oor braggarts crouselly craw,
Nor wee weans frae pit-heid and clachan
Mourn the ships sailin doon the Broomielaw.
Broken faimlies in lands we've herriet
Will curse Scotland the Brave nae mair, nae mair;
Black and white, ane til ither mairriet
Mak the vile barracks o their maisters bare*

*So come all ye at hame wi Freedom,
Never heed whit the hoodies croak for doom
In your hoose a' the bairns o Adam
Can find breid, barley-bree and painted room
When MacLean meets wi's freens in Springburn
A' the roses and geans will turn tae bloom,
And a black lad frae yont Nyanga
Dings the fell gallows o the burghers doon.*
