Welcome to Edinburgh

I'm delighted to welcome you all to the Scottish Greens Spring Conference, and to this beautiful venue for our 2019 Spring Conference.

An especially warm welcome to those who have travelled to Edinburgh to participate. I'm excited. We are at an exciting time in Green politics, the world seems to be suddenly taking notice of the Climate Emergency. I think this is an exciting time for our party as well, as we will be debating and amending a proposed new constitution for our party.

The development of this new constitution has been a long process and a lot of work, but I hope that today we can agree the details of a new structure that can take us into the next election cycle and continue our growth as part of the Green wave that is happening across Europe, as people reject populism and demand action on the climate crisis.

As well as our speakers, EGM, fringes and workshops we are having a social in Akva (129 Fountainbridge) on Saturday evening, and I would like to invite you all to join me. More details are available at the reception desk.

Thank you to all of you for being here today to shape the future of this party and of Green politics in Scotland.

Lorna Slater, Leith Walk by-election candidate and Operations Committee Co-convenor

Welcome to our 2019 Spring Conference!

Welcome to Edinburgh, and the Scottish Green Party's Spring Conference 2019. We hope you'll have a great weekend, meeting new friends and helping to shape the direction of our party.

As we meet the Brexit crisis is continuing to dominate the UK political landscape, threatening to drag Scotland out of the EU and risking the hard won environmental protections and human rights that benefit us all.

We are delighted that Lorna Slater, our candidate for the Leith Walk by-election this Thursday, will be joining us on stage in the opening session.

Our councillor group in Edinburgh, Melanie Main, Gavin Corbett, Steve Burgess, Claire Miller, Chas Booth, Alex Staniforth, Susan Rae and Mary Campbell have done a tremendous job Leading the Change in Edinburgh and it would be wonderful if we can win our first by-election and have another Green Councillor.

We also have important internal business this weekend. We are a growing party with more elected representatives, more supporters, volunteers and members than

before, but also much more to do. To make sure the party is fit to face the challenges of the future we need to change our constitution. Over the past couple of years we have been consulting with members over the future shape and structure of the Scottish Green Party, today is the culmination of the huge amount of work put in by our national committees, our volunteers, members and branches, and we would like to thank everyone for their work.

Over the weekend you will have the chance to hear about the work Greens are doing at local and national level. You'll hear about – and decide about – the way we're facing challenges like Brexit, the Climate Emergency, and the country's future relationship with the wider world including

our continued commitment to a European future.

You'll have the chance to meet and talk with many of the organisations which work with us, developing the new ideas our political system needs, and to share experiences and skills with other Green activists around the country.

We'd particularly like to welcome Holly Gillibrand and Josie Law to Conference.

The climate strikes have inspired us all as they have become a global movement, demanding that governments take

action on the Climate Crisis. We stand with them in solidarity.

Let's make this weekend a chance to connect with each other, to renew our party, and to make clear that the Scottish Greens are the party that has the commitment to change politics and to change society for the better. Now more than ever we are part of an international movement and can help lead the Green surge in Europe.

and Patrick Harvie,
Scottish Greens
Co-Convenors**

HOW CONFERENCE WORKS

The Party's Constitution and Policy Reference Document (PRD) have been voted in, and amended, by a succession of Party conferences on the basis of one member, one vote. The Standing Orders Committee (SOC) is responsible for ensuring conference rules are upheld, and for guaranteeing its smooth and democratic running.

If you have an issue relating to conference procedures, please raise it with a member of SOC. SOC reports directly to conference, and its annual report – given during the AGM – must be approved by conference. SOC has a table in front of the stage throughout conference should you have any queries.

MOTIONS

Motions have to be submitted 11 weeks before conference, amendments five weeks before. The intention is that branches can debate them and, if wished, agree proxy votes or branch amendments.

Emergency Motions are intended to allow conference to debate issues that have arisen since then, and should be sent to soc@notices.scottishgreens.org.uk seven days before the start of conference, signed by two members.

An Emergency Motion relating to events that have arisen since then can be submitted to SOC any time up until noon on the first day of conference (also signed by two members). Emergency Motions will be rejected if they could have been submitted in time for the first agenda, or are not concise and focused.

OFFICE BEARER REPORTS

There is a folder containing reference copies of office-bearers' reports and accounts at the registration desk. Digital copies are also available.

LANYARDS / VOTING CARDS

Please keep close watch over your voting cards. Please also wear your lanyard at all times and remember to hand them back at the end of conference.

DEBATES AND VOTING

Motions are debated and voted on as follows:

- There is a short debate on the motion itself.
- Each amendment is then debated and voted on in turn. You have the choice of voting for, against or abstain.
- The final stage is a vote on the full motion, as amended (or not amended), and again the choice is between for, against or abstain.

At any point in the debate a member may ask (from the floor) to vote on referring a motion back to the relevant committee. That member would have to explain their reasons and another member would have to second that proposal. The chair may refuse that proposal or may put it to a vote, at their discretion.

Amendments will not be accepted from the floor if more than ten members object, or if the chair refuses to allow them. It is unusual for all other members to agree to hear a

proposed amendment from the floor, as this has not proved to be an effective way of deciding party policy.

Yes

As a member you may vote at conference providing that you have the red, green and white voting cards you were given at registration. Please don't lose them! They are colour-coded, like traffic lights.

Any member who can't attend Conference may delegate another member to vote on their behalf. This is called a proxy vote. No member may have more than eight proxy votes.

No

SPEAKING

Any member may speak during a debate. If you think in advance that you'd like to speak, please fill in a speaking slip and hand it in to the SOC table as soon as possible, giving a note of any expertise or special interest you

Abstain

have in the topic. This will allow the chair to ensure an equal number of speeches for and against, and to give priority to those with background knowledge of the subject, rather than just those who are better at catching the chair's eye.

If you wish to respond to a point made during the debate, raise your hand and you will be called if there's time. Please do not speak unless called upon and you have the microphone. Because of the size of the auditorium and the number of people attending, there will be very little time for speakers who have not filled in a request-to-speak slip. You may ask a short question of the motion proposer – but this must be just that – a short question. The chair is there to ensure fair and smooth running of the session – please respect their authority.

FRINGES AND EXHIBITIONS

Conference is not just the main sessions organised by the SGP. It is also the fringe meetings and stalls organised by outside groups, where new ideas flourish and where party members listen to the concerns of campaigning and representative groups. Please visit the stalls and take part in the sessions. They are as much a part of conference as the main sessions.

VENUE ACCESSIBILITY

The venue is fully accessible, you can view further details at <https://www.accessable.co.uk/venues/lindsay-stewart-lecture-theatre>

FIRST TIME AT CONFERENCE?

There is a special session for people new to Conference, which will be held at 9.15am in Room 210.

FURTHER INFORMATION

For any further information about conference, please ask at the registration desk.

CHILD PROTECTION AT CONFERENCE

SGP considers all persons under the age of 18 children for the purposes of this policy.

As an organisation that has members as young as 12, we have a duty to inform and support all our members in upholding our child protection policy. The following will help you to know what to look for and what to do if you have any concerns during conference.

What constitutes a risk?

- Witnessing an incident involving a child that causes you concern;
- A child tells you they are being abused or neglected or are at risk of being abused or neglected;
- Someone tells you that a child is at risk of abuse or neglect, even if the child has no connection to the SGP.

What do I need to do?

If a child tells you they are at actual or potential risk:

- Take them seriously;
- Don't ask unnecessary questions;
- Don't promise to keep the information confidential;
- Make a note using the child's words and make sure you note the date;
- Contact your branch convenor, the Child Rights Volunteer or local social work department;
- Don't contact the child's parents/guardian;
- Don't attempt to investigate the situation;
- If you are concerned about the immediate safety of a child, contact the police.

If you suspect an adult or child is posing a risk to child protection.

Contact your branch convenor or the Child Rights Volunteer; If you are concerned about the immediate safety of a child, contact the police.

REVIVE

Get involved!

After our fantastic wins in Holyrood, and the local authority elections in 2017, we need to continue to lead the change in our communities. Here are a few ways you can get active and make a difference.

Get involved locally

Local branches are the backbone of our party. For details visit **members.greens.scot** or contact the SGP office (details below). Recruit other members! Invite family, friends or colleagues who might be interested in the Greens to make that next step.

Make a donation

Unlike big parties we don't get any state funding and our policies tend not to attract huge corporate donors. We rely on individuals like you. It's easy to donate to one of our crowdfunder appeals – see our

newsletters or visit **greens.scot**. You can also help build our national campaign fund by joining the Holyrood Club – forms can be found at the registration desk.

Make use of your skills

The party is mostly run by volunteers. Everyone has skills that the party values, either at local or national level. Whether you're professionally qualified, or simply have time to stuff envelopes, your help is invaluable!

Become a social media activist

Like and share on Twitter, Facebook, Tumblr, Instagram and more – or even write a blog. We'd love you to tell the world about your campaign experiences and connect with other Greens! More details are at **greens.scot/get-involved**. Be sure to tag any campaigning with the hashtag **#ActiveSGP**.
