Q1. Which of the following best expresses your view of the proposal to replace the current 30mph default speed limit on restricted roads with a 20mph limit.

**Please explain the reasons for your response**

I am worried about our children at the local primary school. For more than 3 years we have not been able to recruit a lollipop person and we cannot get a safe crossing or reduce speed signs. Let's keep our children safe. It's a no brainer!!!

Q2. Could the aims of this proposal be better delivered in another way (without a Bill in the Scottish Parliament)?

No

**Please explain the reasons for your response**

We have tried to make changes to the school road through the council and it is impossible!!

Q3. What do you think would be the main advantages, if any, of the proposal?

Safety of our young people and more chance of survival if hit at that speed.

Q4. What do you think would be the main disadvantages, if any, of the proposal?

None

Q5. What other measures do you think would be needed to maximise compliance with the new national 20mph speed limit on restricted roads, for example in relation to advertising signage and police enforcement.
