

# Proposed Restricted Roads (20mph Limit) (Scotland) Bill

## Page 2: About you

Are you responding as an individual or on behalf of an organisation?

an individual

Which of the following best describes you? (If you are a professional or academic, but not in a subject relevant to the consultation, please choose "Member of the public".)

Member of the public

Please select the category which best describes your organisation

*No Response*

Please choose one of the following; if you choose the first option, please provide your name or the name of your organisation as you wish it to be published.

I would like this response to be anonymous (the response may be published, but no name)

Please insert your name or the name of your organisation. If you choose the first option above, this should be the name as you wish it to be published. If you choose the second or third option, a name is still required, but it will not be published.

Please provide details of a way in which we can contact you if there are queries regarding your response. Email is preferred but you can also provide a postal address or phone number. We will not publish these details.

## Page 7: Your views on the proposal

Q1. Which of the following best expresses your view of the proposal to replace the current 30mph default speed limit on restricted roads with a 20mph limit.

Fully opposed

Q1. Which of the following best expresses your view of the proposal to replace the current 30mph default speed limit on restricted roads with a 20mph limit.

**Please explain the reasons for your response**

I believe this is blanket measure to address a speed problem in specifically affected areas

Q2. Could the aims of this proposal be better delivered in another way (without a Bill in the Scottish Parliament)?

Yes (if so, please explain below)

**Please explain the reasons for your response**

Measured and targeted areas of action with appropriate information and evidence for actions taken

Q3. What do you think would be the main advantages, if any, of the proposal?

None

Q4. What do you think would be the main disadvantages, if any, of the proposal?

Frustration of drivers, similar speeds to bicycle users causing more danger as overtaking would take longer and be possibly more problematic. Larger areas of congestion and longer to clear congestion

Q5. What other measures do you think would be needed to maximise compliance with the new national 20mph speed limit on restricted roads, for example in relation to advertising signage and police enforcement.

Information campaign, driver awareness courses for a trial period, new signage, more signage,

## Page 12: Financial implications

Q6. Taking account of both costs and potential savings, what financial impact would you expect the proposed Bill to have?

|                     | Significant increase in cost | Some increase in cost | Broadly cost-neutral | Some reduction in cost | Significant reduction in cost | Unsure |
|---------------------|------------------------------|-----------------------|----------------------|------------------------|-------------------------------|--------|
| Scottish Government |                              | X                     |                      |                        |                               |        |
| Local Authorities   |                              | X                     |                      |                        |                               |        |
| Motorists           | X                            |                       |                      |                        |                               |        |
| Other               |                              | X                     |                      |                        |                               |        |

Q6. Taking account of both costs and potential savings, what financial impact would you expect the proposed Bill to have?

|                            |  |  |  |  |  |  |
|----------------------------|--|--|--|--|--|--|
| <b>Police<br/>Scotland</b> |  |  |  |  |  |  |
|----------------------------|--|--|--|--|--|--|

**Please explain the reasons for your response**

Costs advertising, signage, policing, administrative costs around fines, road markings changes, drivers are conditioned to current 30 mph limit and could easily speed without realising leading to increase fines and penalties

Q7. Do you believe there will be any other benefits to reducing the speed limit from 30mph to 20mph?

No. 20mph limits are already in place in areas of high risks e.g. Schools.

## Page 14: Equalities

Q8. What overall impact is the proposed Bill likely to have on the following protected groups (under the Equality Act 2010): race, disability, sex, gender re-assignment, age, religion and belief, sexual orientation, marriage and civil partnership, pregnancy and maternity?

Unsure

**Please explain the reasons for your response**

No idea on how a 20mph speed limit would impact on any of the above..

Q9. Could any negative impact of the proposed Bill on any of these protected groups be minimised or avoided?

No comment

## Page 16: Sustainability of the proposal

Q10. Do you consider that the proposed Bill can be delivered sustainably i.e. without having likely future disproportionate economic, social and/or environmental impact?

Unsure

**Please explain the reasons for your response:**

No sure on the impact of signage and increased journey time creating more pollution

## Page 17: General

Q11. Do you have any other comments or suggestions on the proposal to establish a 20mph default speed limit on restricted roads?

Don't change from the 30mph limit
