Welcome to **Glasgow,** the World's Friendliest City!

I'm delighted to welcome you all to Glasgow, and this wonderful venue, for our Autumn Conference.

When I was first elected as a councillor in 2007, I was caught up in debates about building motorways. Thankfully, conversations have moved on, to planning a network of segregated cycle lanes. Glasgow aims to become one of Europe's most sustainable cities by 2020.

During conference, I hope you discover more about the changes taking place in the Dear Green Place. People are making Glasgow. The city's population is the most ethnically diverse in Scotland and has risen after decades of decline. The city has been transformed by inward migration, and as a dispersal area for those seeking asylum.

Planning issues dominated the work of councillors. Decision-making has determined the regeneration activities reshaping the skyline of Glasgow beyond recognition. The Clyde waterfront is now a vibrant creative sector with the Digital Media Quarter and many movie-makers are choosing Glasgow for their film and TV productions.

We have ambitions to be sporting champions! The coming of the Commonwealth Games in 2014 stimulated development that included the building of the Hydro at SEC, the Emirates Indoor Arena and Velodrome, and the Athletes' Village in the East End. Glaswegians have established a track record of success in delivering world-class sporting events.

We are still facing many challenges, including poverty and income inequality. Poverty reduction is inextricably linked to the move towards a low-carbon, resource efficient, and socially inclusive green economy.

Martha Wardrop
Scottish Green Councillor for Glasgow's Hillhead

Welcome to our 2018 Autumn Conference!

Welcome to Glasgow, and the Scottish Green Party's annual conference 2018. We hope you'll have a great weekend, meeting new friends and helping to shape the direction of our party.

It can often feel as though optimism is in short supply right now. With the continuing crisis of Brexit, and the threat of a deregulated, free-market race-to-the-bottom after it; with the rise of the far right and a socially conservative backlash against equality; with Theresa May proclaiming the false dawn of the "end of austerity" while continuing to brutalise benefit claimants and asylum seekers; and with the starkest warnings yet from the scientific community about the fast-closing window of opportunity to act on climate change, while governments continue to subsidise fossil fuel ... yes, being an optimist – never mind giving hope to others – is hard work these days.

But the Green movement cannot afford to lose its belief that we can do so much better than this. Whether we focus on our local community, Scotland, the UK, Europe or the world, we are here to show that Green ideas can make a difference, and can rekindle belief in a brighter future.

The Greens don't deny the scale of the

challenges we face, but we don't embrace defeatism either. We take action!

So over this weekend you'll hear about the work Greens are doing at local level, putting energy and creativity into their communities and showing that when people feel empowered to act they can often achieve far more than they thought possible. Greens in local government here in Scotland and far beyond are doing this, and we're making the case to give communities more of the power they need.

You'll hear about – and decide about – the way we're facing challenges like Scotland's need for a transition to a post-oil economy, and the country's future relationship with the wider world including our continued commitment to a European future.

You'll have the chance to meet and talk with many of the organisations which work with us, developing the new ideas our political system needs, and to share experiences and skills with other Green activists around the country.

Let's make this a weekend to reconnect not only with each other, but also with our shared commitment to change politics and to change society for the better.

and Patrick Harvie,
Scottish Greens Co-Convenors**

Magid Magid Mayor of Sheffield

Born in Northern Somalia, Magid came as a child refugee to Britain in 1994. He is the youngest-ever Lord Mayor of Sheffield and the first Green Party councillor to hold the role, he studied zoology and marine biology at the University of Hull. He ran the Sheffield half-marathon dressed as a tree (pursued by a chainsaw-wielding friend), banned "wasteman" Donald Trump from the city, and used his inaugural speech at the Sheffield council to condemn racism and post-Brexit xenophobia.

Grace O'Sullivan Senator, Seanad Éireann

Grace is the Irish Green Party spokesperson for Environmental Protection, Natural Resources, and Marine & Tourism. Grace is an ecologist, environmentalist and the Green Party member of Seanad Éireann, where she is a member of the Civil Engagement Group. A former activist on Greenpeace vessels, including the Rainbow Warrior, she was Ireland's first female Irish national surf champion, and the winner of the 2017 Green Leader Award.

HOW CONFERENCE WORKS

The Party's Constitution and Policy Reference Document (PRD) have been voted in, and amended, by a succession of Party conferences on the basis of one member, one vote. The Standing Orders Committee (SOC) is responsible for ensuring conference rules are upheld, and for guaranteeing its smooth and democratic running. If you have an issue relating to conference procedures, please raise it with a member of SOC. SOC reports directly to conference, and its annual report – given during the AGM – must be approved by conference. SOC has a table in front of the stage throughout conference should you have any queries.

MOTIONS

Motions have to be submitted 11 weeks before conference, amendments five weeks before. The intention is that branches can debate them and, if wished, agree proxy votes or branch amendments.

Emergency Motions are intended to allow conference to debate issues that have arisen since then, and should be sent to soc@notices.scottishgreens.org.uk seven days before the start of conference, signed by two members.

An Emergency Motion relating to events that have arisen since then can be submitted to SOC any time up until noon on the first day of conference (also signed by two members). Emergency Motions will be rejected if they could have been submitted in time for the first agenda, or are not concise and focused.

OFFICE BEARER REPORTS

There is a folder containing reference copies of office-bearers' reports and accounts at the registration desk. Digital copies are also available.

LANYARDS / VOTING CARDS

Please keep close watch over your voting cards. Please also wear your lanyard at all times and remember to hand them back at the end of conference.

DEBATES AND VOTING

Motions are debated and voted on as follows:

- There is a short debate on the motion itself.
- Each amendment is then debated and voted on in turn. You have the choice of voting for, against or abstain.
- The final stage is a vote on the full motion, as amended (or not amended), and again the choice is between for, against or abstain.

At any point in the debate a member may ask (from the floor) to vote on referring a motion back to the relevant committee. That member would have to explain their reasons and another member would have to second that proposal. The chair may refuse that proposal or may put it to a vote, at their discretion.

Amendments will not be accepted from the floor if more than ten members object, or if the chair refuses to allow them. It is unusual for all other members to agree to hear a

proposed amendment from the floor, as this has not proved to be an effective way of deciding party policy.

Yes

As a member you may vote at conference providing that you have the red, green and white voting cards you were given at registration. Please don't lose them! They are colour-coded, like traffic lights.

Any member who can't attend Conference may delegate another member to vote on their behalf. This is called a proxy vote. No member may have more than eight proxy votes.

No

SPEAKING

Any member may speak during a debate. If you think in advance that you'd like to speak, please fill in a speaking slip and hand it in to the SOC table as soon as possible, giving a note of any expertise or special interest you have in the topic.

This will allow the chair to ensure an equal number of speeches for and against, and to give priority to those with background knowledge of the subject, rather than just those who are better at catching the chair's eye.

Abstain

If you wish to respond to a point made during the debate, raise your hand and you will be called if there's time. Please do not speak unless called upon and you have the microphone. Because of the size of the auditorium and the number of people attending, there will be very little time for speakers who have not filled in a request-to-speak slip. You may ask a short question of the motion proposer – but this must be just that – a short question. The chair is there to ensure fair and smooth running of the session – please respect their authority.

FRINGES AND EXHIBITIONS

Conference is not just the main sessions organised by the SGP. It is also the fringe meetings and stalls organised by outside groups, where new ideas flourish and where party members listen to the concerns of campaigning and representative groups. Please visit the stalls and take part in the sessions. They are as much a part of conference as the main sessions.

The democratic and professional voice
of firefighters across the UK.

In October 1918 a small group of Firefighters, disillusioned with poor treatment at the hands of those who oversaw their service, set up the Firemen's Trade Union. The founding aim was: "... a means to reorganise the conditions of their labours and thus bring more happiness into the lives of its members." Soon renamed the Fire Brigades Union, the Union built its membership across the United Kingdom and has forged 100 years of supporting & protecting firefighters through an ethos defined in our motto:

The Freedom Come-All-Ye by Hamish Henderson

*Roch the wind in the clear day's dawnin
Blaws the clouds heelster gowdie ow'r the bay
But there's mair nor a roch wind blawin
Through the great glen o the warld the day.
It's a thocht that will gar oor rottans
A' they rogues that gang gallus, fresh and gay
Tak the road and seek ither loanins
For their ill ploys, tae sport and play*

*Nae mair will the bonnie callants
Mairch tae war when oor braggarts crouselly craw,
Nor wee weans frae pit-heid and clachan
Mourn the ships sailin doon the Broomielaw.
Broken faimlies in lands we've herriet
Will curse Scotland the Brave nae mair, nae mair;
Black and white, ane til ither mairriet
Mak the vile barracks o their maisters bare*

*So come all ye at hame wi Freedom,
Never heed whit the hoodies croak for doom
In your hoose a' the bairns o Adam
Can find breid, barley-bree and painted room
When MacLean meets wi's freens in Springburn
A' the roses and geans will turn tae bloom,
And a black lad frae yont Nyanga
Dings the fell gallows o the burghers doon.*
