Page 7: Your views on the proposal

Q1. Which of the following best expresses your view of the proposal to replace the current 30mph default speed limit on restricted roads with a 20mph limit.

Fully Supportive

Q1. Which of the following best expresses your view of the proposal to replace the current 30mph default speed limit on restricted roads with a 20mph limit.

Please explain the reasons for your response

Streets where kids play and mums push their toddlers around are full of parked cars. Twenty, as they say, is plenty.

Q2. Could the aims of this proposal be better delivered in another way (without a Bill in the Scottish Parliament)?

Unsure

Q3. What do you think would be the main advantages, if any, of the proposal?

Safety

Q4. What do you think would be the main disadvantages, if any, of the proposal?

None

Q5. What other measures do you think would be needed to maximise compliance with the new national 20mph speed limit on restricted roads, for example in relation to advertising signage and police enforcement.

Speed cameras and, maybe, some actual real police if any are left.

Page 12: Financial implications

Q6. Taking account of both costs and potential savings, what financial impact would you expect the proposed Bill to have?

	Significant increase in cost	Some increase in cost	Broadly cost- neutral	Some reduction in cost	Significant reduction in cost	Unsure

Q6. Taking account of both costs and potential savings, what financial impact would you expect the proposed Bill to have? Please explain the reasons for your response Money for enforcement has to be supplied to councils while they may also have to pay for signage. Motorists would use less petrol Q7. Do you believe there will be any other benefits to reducing the speed limit from 30mph to 20mph? Less danger Page 14: Equalities Q8. What overall impact is the proposed Bill likely to have on the following protected groups (under the Equality Act 2010): race, disability, sex, gender re-assignment, age, religion and belief, sexual orientation, marriage and civil partnership, pregnancy and maternity? Positive Q9. Could any negative impact of the proposed Bill on any of these protected groups be minimised or avoided? No Page 16: Sustainability of the proposal Q10. Do you consider that the proposed Bill can be delivered sustainably i.e. without having likely future disproportionate economic, social and/or environmental impact? Yes Page 17: General Q11. Do you have any other comments or suggestions on the proposal to establish a 20mph default speed

limit on restricted roads?

No Response
